PROFESSIONAL SUMMARY

Detail-oriented MERN Full Stack Developer with hands-on experience in building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in RESTful APIs, JWT authentication, CRUD operations, database management, deployment, and third-party API integrations.

EXPERIENCE

Full Stack Developer – AI Growth Exa (Feb 2026)

- Developing and maintaining full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Designing and implementing secure RESTful APIs and authentication systems using JWT.
- Deploying and managing applications on Vercel, Render, and VPS servers.
- Integrating payment gateways, email services, cloud storage, and third-party APIs.
- Collaborating with clients and team members to deliver scalable and responsive web solutions.
- Managing Git/GitHub workflows, debugging, testing, and performance optimization.

Full Stack Web Development Trainee (MERN Stack) – GRAS tech, Noida (Jul 2025 – Dec 2025)

- Built and maintained full-stack web applications using the MERN Stack (MongoDB, Express.js, React, Node.js).
- Designed and implemented RESTful APIs with complete CRUD operations.
- Integrated React front-end with Express/Node.js back-end and MongoDB database.
- Utilized Git & GitHub for version control, debugging, and collaboration.

PROJECTS

AI Growth Exa

- Developed and maintained a business service platform.
- Implemented secure authentication and lead management systems.
- Built RESTful APIs and managed MongoDB database operations.

Sanyukt Parivar Rich Life (MLM Platform)

- Developed MLM-based web application with referral and member management.
- Implemented secure authentication and user management functionality.
- Built scalable APIs and integrated MongoDB database.

GuruNanak Pharmacy

- Developed a pharmacy management website with responsive UI.
- Implemented product management and customer interaction modules.
- Built RESTful APIs and database integration using MongoDB.

SKILLS
